## ITALY'S KING HAS LUNCHEON WITH U. S. PRESIDENT

Wilson's Party Arrives In Rome For Visit to Italians

STATE DINNER IS PART OF ENTERTAINMENT PLAN

Will Be made Citizen of Rome at Ceremony to Be Held Tonight

(Associated Press Telegram)  
Rome, Jan. 3.—President Wilson arrived in Rome at 10:25 o'clock this morning. He was received at the station by King Victor Emmanuel and Queen Helena, members of the government and representatives of the local authorities.

An immense crowd welcomed the president with the greatest enthusiasm. King Victor Emmanuel has accepted an invitation to have luncheon with President Wilson and family at the residence of Ambassador Page on Friday.

The program arranged for President Wilson's entertainment today included a luncheon with Queen Mother Margherita, a reception by the parliament and a state dinner with King Victor Emmanuel. Following the visit to the president for a deputation from the Quirinal.

In the evening the citizenship of Rome will be conferred upon the American president.

Wilson's journey to Rome took him through the Maritime Alps and over the Piedmont plains. At the Franco-Italian border when the train stopped at the frontier station, the president walked about for exercise and by way of diversion bought some picture postcards on sale in the picturesque village. He was cheered by the border and all the stations at which the train made daylight stops.

At Turin, his first important stop, the president shook hands with many English speaking Italians who brought flowers to present to him.

## NO DECISION YET ON ARMY SERVICE

War Department Not Ready to Decide Question of Universal Training in America

(Associated Press Telegram)  
Washington, Jan. 3.—No decision has been reached by the war department on the question of universal military service. Secretary Baker told the House military committee today, and he indicated that no definite project for a permanent military establishment would be presented to congress until the peace conference had concluded its work.

When asked whether it would be necessary to keep a large force in Europe for at least two years, the secretary said, "We hope that is not true, we are not planning for it."

He said 700,000 men had been discharged from the army since the armistice was signed, and that another million men would be discharged within the next five weeks.

## GERMANY GATHERS TROOPS IN EAST

Concentrate Several Army Corps on Border Between Posen and East Prussia

(Associated Press Telegram)  
Breslau, Jan. 3.—(Havas)—Several German army corps have been concentrated on the border between Posen and East Prussia, according to the Nachrichten of Frankfurt, Germany. It is added, has decided to defend her rights to the Province of Posen.

Reports from Denmark and Switzerland Thursday were that a large force of Poles was advancing into Prussia toward Berlin. Polish cavalry was reported to have reached Frankfurt on the Oder.

## WAR TAX WORKS U. S. MINTS OVERTIME

(Associated Press Telegram)  
Washington, Jan. 3.—Small change required to pay war tax on many retail articles caused the government mints to produce 300,000,000 cents in 1918, a record output, according to a report today by Raymond T. Piker, director of the mint. A total of 100,000,000 cents were minted, more than ever before in the nation's history, but owing to the value of the output was \$1,245,000 or lower than in 1917. Seven million nickels minted was \$3,240,000; 68,654,000 quarters, \$2,692,000; and half dollars, 20,248,000. Neither silver dollars nor gold coins were minted.

## DIRECT OVERSEAS STAFF OF NURSES

Miss Julia Stimson.  
Miss Stimson is head of the U. S. nursing staff for the American expeditionary forces in France. She is given much credit for the wonderful work of the force of nurses caring for our boys.

## SCHOOLS OPEN AT 8:30 ON MONDAY

Pupils to Profit by Extra Half Hour During Morning When Refreshed by Rest.

The public schools will assemble at 8:30 eastern time and close at 3:30, when they open Monday following the holiday vacation, according to a statement issued by Superintendent O. J. Barnes today, in which he says he considers the student is at his best earlier in the morning and that it is better to have the play hour after the mental work is over for the day.

Rev. Father Waterman, as head of the Blessed Sacrament parochial school will also open and close the school at 8:30 and 3:30 eastern time. Rev. Father B. M. O'Boylan, head of St. Francis de Sales parochial school is opening school at 8:30 on eastern time and closing at 4:30. At Blessed Sacrament church the Sunday services will be at 7 and 10 o'clock eastern time, while St. Francis de Sales church will have mass at 8 and 11 o'clock eastern or town clock time, and benediction at 2 o'clock.

Prof. Barnes in statement concerning the public schools says: "It is not the intention nor desire of the school authorities to inconvenience the pupils and homes by opening schools at 8:30 eastern time. It is our judgment that a trial of opening at that hour will prove satisfactory to the majority of people. An hour of school in the morning is worth almost two hours in the late afternoon. Besides an hour of recreation in the afternoon at the close of the school day is worth more than an hour of recreation in the morning. By having schools open later would necessitate a later closing hour, which would mean a decrease of play time for children after school until dark."

"Perhaps the greatest benefit to be derived from opening schools early in the morning is the conserving of time for the children. Children of the city have the habit of starting to school too long before the opening hour. They like to play along the street and have a good time. This is not business like and the children are not getting into the correct habit of leaving home with a definite task to perform and of going promptly to that task. School hours should be at least 30 minutes like and the children are not getting into the correct habit of leaving home with a definite task to perform and of going promptly to that task. School hours should be at least 30 minutes like and the children are not getting into the correct habit of leaving home with a definite task to perform and of going promptly to that task."

Parents should be particular about requiring their children to go promptly to and from school, because it is on the streets and alleys and byways where children are exposed to dangers to morals.

"So we think the new time deserves a trial. We know it worked well last summer and autumn. If it proves unsatisfactory to the majority it will be easy to change."

At a meeting of the retail clerks union held last night in the convention room of the court house, the hours for closing were discussed. The committee shows the committee of local merchants and it was decided to close each evening at 5 o'clock eastern time, excepting Saturday evenings, when the closing hour will be 8:30 o'clock eastern time.

The Wehrle company, which had not adopted the new time is now operating on the eastern time schedule.

## SUNSET DIVISION IS ORDERED TO RETURN

(Associated Press Telegram)  
Washington, Jan. 3.—Practically the entire 41st division (Sunset) was included in a list of units announced today by the war department as assigned for early return from France. The list shows the headquarters and headquarters troops of the 41st, the 161st regiment complete, 143rd complete, 164th complete and 152nd, less second battalion.

In all, more than 50 officers and 16,000 men of the Sunset, comprising troops from Washington, Oregon, Montana, Idaho and Wyoming were ordered home. Other units of the division are also being sent home.

## PEACE PARLEY TO OPEN JAN. 13TH PARIS BELIEVES

Frenchmen Will Serve as Secretaries of Conference It Is Said

EASTERN QUESTION RAISED BY ITALIAN-NEWSPAPERS

Problems Arising in Syria and Armenia Are Difficult to Solve

(Associated Press Telegram)  
Paris, Jan. 3.—There is every likelihood, according to the morning newspapers, that the peace conference, or rather a preliminary conference, between the four great allies will open January 13. The secretaries of the conference will be Paul Dutasta, French ambassador to Switzerland, and Philippe Berthelot of the French foreign office, it is said.

"This conference," says the Petit Journal, "will decide upon the terms to be imposed upon vanquished peoples." Comments in certain Italian newspapers on the eastern policy of France, in which reference has been made to Italian interests that should be considered, have attracted additional attention here to the question of Syria, Armenia and other eastern countries, the future of which probably will be decided by the peace conference on the supposition that the convention of 1915 between France, Great Britain and Russia regarding Asia Minor and other matters affecting relations between Entente powers must have been communicated to the Italian government, it is not apprehended that there will be any serious conflict of official views.

It is pointed out that the whole eastern question is difficult of early solution. Countries like Armenia, for instance, will be scarcely able to work out their own line of action soon enough to present a definite program of future government considering the peace conference unless the latter is held in a contracted session. "Whether these questions will or will not delay the completion of its task is supposed to depend on the plan the peace conference adopts for its work. It is not known whether it will establish a general principle on which the future status of all these countries will be settled, leaving the details to each case by itself."

In the later case of the conference, in the opinion of those well informed, is likely to be a long one.

## RODMAN URGES SHIP DESTRUCTION

Commander of Yankee Fleet in North Sea Recommends Hun Fleet Be Sunk.

(Associated Press Telegram)  
Washington, Jan. 3.—Destruction of all capital ships of the German navy, surrendered to the allies, was recommended today by Rear Admiral Rodman, who commanded the American fleet in the North Sea during the war. He said the German ships would not be needed, that they were of different types than those of the allies and that it would be a waste of money to pay to maintain them.

## CONTRACTORS ACT TO GET PAY FROM GOVT.

Cleveland Jan. 3.—Government contractors and sub-contractors from many states met here today to take concerted action to obtain relief by congress through necessary legislation to legalize informal war contracts aggregating more than \$100,000.

The informal contracts include instances where manufacturers started to produce war material under verbal orders by telephone, telegraph, and letters. The signing of the armistice ended government need for the material and disbursing officers announced they were without authority to legalize the orders.

Controller of the Treasury Warwick ruled the manufacturers have no claim against the government under present conditions.

Some of the contractors were about ready to deliver products when cancellations were made.

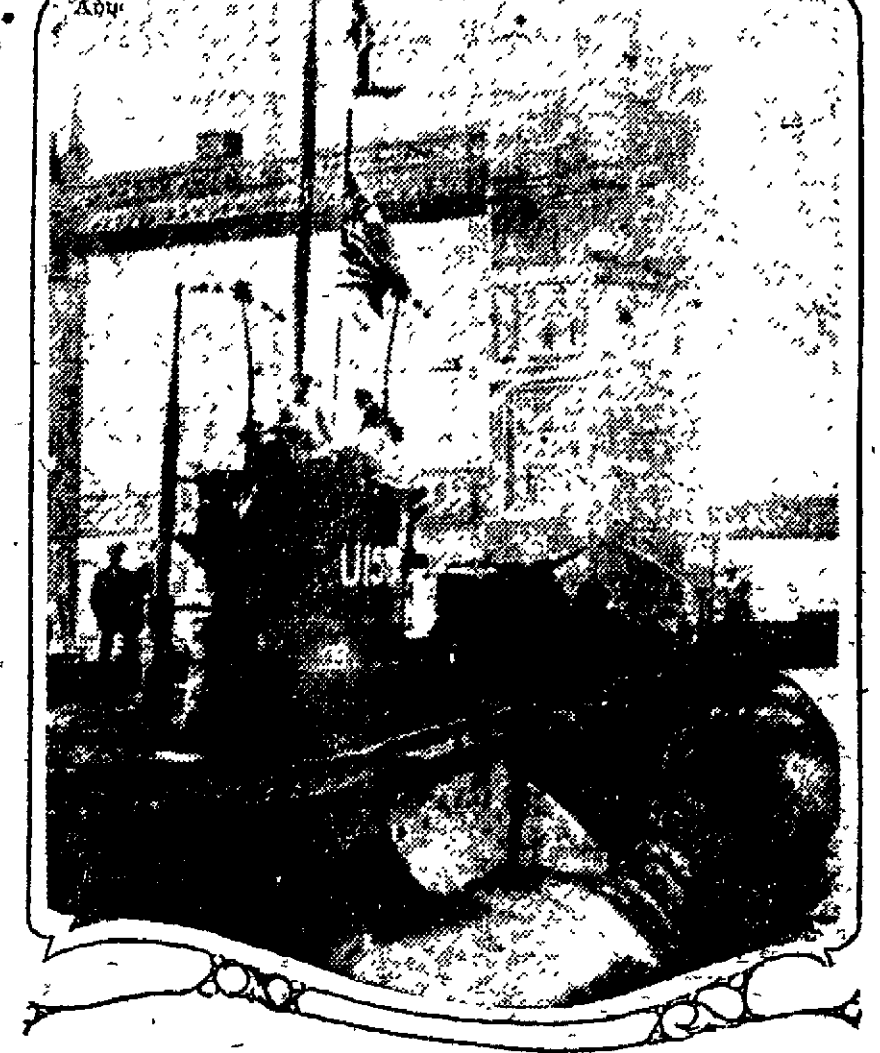

**PROBE IS POSTPONED.**  
Washington, Jan. 3.—The meeting of the senate committee investigating German propaganda, arranged for today, was postponed. Charles H. Woodard of the department of justice, who was to have testified, was not prepared with his data, and the committee adjourned until Tuesday.

**BELOW ZERO IN CHICAGO.**  
Chicago, Jan. 3.—Chicago continued to work today in a temperature of four degrees below zero with assurance from the weather forecaster that it would be colder before it became warmer.

**WHITE HOUSE OPEN AGAIN.**  
Washington, Jan. 3.—After being closed to the public for nearly two years because of the war, the White House was reopened to visitors today to allow war workers and soldiers a chance to see the historic mansion.

**CINCINNATI ARTIST DIES.**  
Cincinnati, Jan. 3.—Frank Dreyer, internationally known artist, died here today of a complication of diseases after a six months' illness. He was 71 years old.

## U-BOAT, SURRENDERED BY GERMANS, LIES HARMLESS IN SHADOW OF LONDON BRIDGE

U-155 lying in the Thames near Tower bridge in London.

Nothing would have pleased von Tirpitz and the other German war leaders more than to have had one of their submarines sneak up the Thames river and spread death and destruction along the water front. The U-boat in the photo steamed up, manned by a British crew. It is one of the fleet surrendered by Germany in fulfilling the armistice terms. It is an exhibit—perfectly harmless.

## CONSUMERS AGAIN WIN IN SUIT FOR BALANCE OF ESCROW FUND

Court of Appeals Sustains City's Motion to Dismiss Appeal of Gas Company In Case Involving \$29,000 Held by Trustee W. C. Metz.

Gas consumers were again victorious in the legal fight with the Newark Natural Gas and Coal company, when the court of appeals Friday handed down a decision in the case which involves the distribution of the balance of the escrow fund in the hands of Walter C. Metz as trustee. The court sustained the motion of the city's attorneys for dismissal of the company's appeal, thus deciding the case in the city's favor. Unless the company appeals from the decision of the intermediate court, and carries the case into the supreme court, an order will be issued for the distribution of the balance of the fund, which amounts to \$29,434.59.

A previous victory by the city returned to gas consumers about \$160,000 which was distributed about two years ago, after the case was carried to the United States supreme court. The present suit grew out of the claim of the company that a portion of the fund, growing out of the rate charged from August 1, 1915 to March 23, 1916, should be considered separately from that created previous to the 1916 date. A court order held back this portion of the fund until the merits of the case were threshed out in court.

The city has won practically all the legal points involved.

## GIRL IS BADLY BURNED IN HOME

Removes Screen From Open Fire In Mother's Absence—Dress Catches Fire.

Mary Elizabeth Hohl, 4 daughter of William Hohl, Jr., of 182 Ridge avenue, was seriously burned Thursday evening when her clothing caught fire from an open grate.

The little girl was up stairs, and her mother was down stairs when she was started by the baby's cries. The child had moved a wire screen which fronted the grate, and had lighted a piece of paper in the fire. Her dress caught and the body was burned from the waist down.

Dr. W. B. Nye, and an aunt who is a nurse, Miss Anna Hohl were called and immediate treatment was given. She was restless during the night but seems more comfortable today.

## SENATE RESUMES DEBATE ON PEACE

Senator Borah Will Reply To Senator Lewis' Charge of Republican Conspiracy.

(Associated Press Telegram)  
Washington, Jan. 3.—Discussion by the senate of subjects relating to the peace conference began yesterday at the first session after the holiday recess. The senate committee investigating German propaganda, arranged for today, was postponed. Charles H. Woodard of the department of justice, who was to have testified, was not prepared with his data, and the committee adjourned until Tuesday.

**HIGHER FARE CAUSES TROUBLE.**  
Denver, Jan. 3.—After a day of service had been completely suspended for six and a half hours last night because of demonstrations by crowds of men and boys who objected to the collection of a war tax on regular schedules. Whether it would continue depended company officials said on adequate police protection.

## SHIFTING WINDS PERIL TRANSPORT FAST ON SANDBAR

Work of Rescue of Soldiers Renewed by Coast Guard Crews

SHIP DRIVEN FURTHER ASHORE BY HIGH SEAS

Heavy Rain Increases Hardships of Rescuers and Soldiers

(Associated Press Telegram)  
Fire Island, N. Y., Jan. 3.—With the first ray of light today rescuing parties left their improvised lodgings and assembled on the beach in the pouring rain, prepared to resume the task, abandoned yesterday at nightfall of bringing ashore the soldiers who are on the American transport, Northern Pacific, which stranded on a sandbar early Wednesday morning. Since the vessel went aground rain has fallen incessantly, imposing additional hardships on the rescuers and this situation was unchanged at dawn today.

When the coast guard lifesavers assembled on the beach they found the sea running further in and the surf breaking higher than yesterday over the transport. The wind was veering to the northeast. The ship had worked further in during the night but because it was high water this morning her distance from shore seemed greater. Mariners long familiar with the weather conditions along this stretch of Atlantic coast said that if the northeast wind increased the situation might become dangerous, preventing the removal of troops, except with the heaviest buoy and that even this method must be a hazardous one. Blowing from the northeast the wind cuts down the beach and gives the sea an outward twist that is considered perilous for transport.

One hundred and fifty more troops were removed from the Northern Pacific shortly after 9 a. m. today, when submarine chaser, No. 243, went to the forward of the transport, took the soldiers aboard and conveyed them to the Mallory, a transport with the rescuing fleet.

On two ladders and three ropes the men swarmed down the ship's side into the submarine chaser. Meanwhile power boats reached the Northern Pacific and into these 12 men on stretchers were lowered and taken to the hospital ship, Solace. Three other power boats took on soldiers and pushed off toward other vessels. The position of the transport was declared to be virtually unchanged, the danger of her breaking up being no greater than it was last night. Withstanding the continued pounding of the seas, repairs had been made which prevented further water from entering the holds, a message from the ship said.

## 1000 MEN REMOVED.

(Associated Press Telegram)  
New York, Jan. 3.—Information that approximately 1,000 troops, including some of the wounded, had been removed from the American transport, Northern Pacific, aground off Fire Island, was received by navy department officials here early today. This indicated that fewer than 1,500 soldiers remained on board and the work of removing these in small boats and with the breeches buoy was progressing favorably, it was stated.

## YANKEE FLYER SETS NEW ALTITUDE MARK

(Associated Press Telegram)  
London, Jan. 3.—Flying a British airplane at Ipswich yesterday, Captain Lang established a new altitude record, reaching a height of 29,000 feet.

Blowers who accompanied Captain Lang, collapsed when his oxygen bottle broke but recovered. Both men were frost bitten during their flight.

## OHIO HELD RECORD.

Dayton, Jan. 3.—Captain R. W. Schroeder, an American pilot of the Wilbur Wright field, held the altitude record just recently by Captain Lang. He reached an altitude of 29,000 feet after a flight, coming down near Canton, Sept. 18 last.

## CLEVELAND HONORS OHIO GUARD OFFICER

(Associated Press Telegram)  
Cleveland, Jan. 3.—Brigadier General Chas. X. Zimmerman, commander of 72nd brigade 37th division, was met at the union station upon his return home from the western front today by cheering crowds and a band and saluted by factory whistles blowing 10 minutes.

Following the welcome at the station, General Zimmerman was escorted to a hotel for breakfast, after which he was given a reception in the lobby.

General Zimmerman hurried to Cleveland after his arrival at Newport News Tuesday to be with his wife, who is ill. He expects to remain here for six days, during which time a dinner will be given in his honor at the chamber of commerce.

## GOVERNMENT HOLDS ENGINES IN RESERVE

(Associated Press Telegram)  
Washington, Jan. 3.—Twelve hundred of the 82,000 locomotives in government ownership are being held in reserve for emergency use during possible winter storms. Railroad administration of freight trains these locomotives will eliminate all danger of such a shortage of motive power as resulted in traffic congestion during the bad weather of last winter when the railroads had practically no locomotives in reserve.

## CONTINUANCE OF FEDERAL CONTROL URGED BY M'ADOO

Says 5 Years of Unified Direction Necessary to Provide Fair Test

M'ADOO READS STATEMENT GIVING REVIEW OF WORK

High Freight and Passenger Rates Would Come by Private Control

(Associated Press Telegram)  
Washington, Jan. 3.—Accomplishments of railroads under federal control in the last 12 months and arguments for a five year continuance of government operation to provide a fair test of unified direction were recited today by Director General McAdoo, testifying before the senate interstate commerce commission which took up consideration of his recommendation for extension of control to 1924. Mr. McAdoo read a prepared statement constituting a comprehensive review of condition under federal management. After citing reforms effected under unified control, the director general said: "I believe that even under the handicaps of war conditions a sufficient showing has been made to indicate that all the reforms I have mentioned are desirable as permanent peace measures."

"It will be impossible to review the results of even one year of federal control under peace conditions until the spring of 1920, and it will then be too late for congress to legislate before the end of the 21 months period after the declaration of peace provided in the present law for government control. Operations under peace conditions with a tenure so short as the 21 months cannot possibly constitute a fair test. Reasons for this, he explained, would be the inevitable disturbance to employees' morale, the difficulty of carrying out an extensive program of improvements and of forcing on railroad companies necessary reforms for a longer period, said the director general, is the advisability of having adequate information on valuation of railroad property. Another reason for the extension, would be the inevitable disturbance to employees' morale, the difficulty of carrying out an extensive program of improvements and of forcing on railroad companies necessary reforms for a longer period, said the director general, is the advisability of having adequate information on valuation of railroad property. Another reason for the extension, would be the inevitable disturbance to employees' morale, the difficulty of carrying out an extensive program of improvements and of forcing on railroad companies necessary reforms for a longer period, said the director general, is the advisability of having adequate information on valuation of railroad property."

Referring to the increase in freight and passenger rates since the armistice, Mr. McAdoo said that similar action would have been necessary even under private management to prevent serious losses, and said it should be possible to lower rates materially this year. Uniformity of rates and equitable distribution of the rate burden over all railroads regardless of the fact that some are unusually prosperous and others poverty-stricken, was the only under unified control, Mr. McAdoo urged as another argument for the five-year continuance plan.

Great improvements and extensions should be made in terminal facilities by enlarging existing stations, said the director general. This, he said, provides the greatest opportunity for reducing railroad costs and promoting public convenience in the future. Mr. McAdoo said that the government's loss in operating railroads this year at \$136,000,000. This represents the difference between the amount guaranteed to the railroads as rental and the sums credited to the government in railroad income. If the higher rates had been in effect the entire year he estimated, the government would have made a surplus of \$100,000,000, and 1919, with existing war conditions, costs and traffic volume remaining substantially the same as in last year, the government should make another surplus of \$100,000,000.

Wage and cost of railroad employment last year added between \$9,000,000 and \$10,000,000 to payrolls. Mr. McAdoo testified, in addition the coal bill was \$140,000,000 higher for the 10 months of 1918, ending December 31, than the same period of 1917, and the cost of crossings and lumber increased \$65,000,000.

"Many of the changes in railroad operation inaugurated during last year, the director general testified, should prove of permanent value and should continue, if possible, regardless of what form of control is decided upon for the railroads."

Mr. McAdoo declared that the government should not enforce rules which, though designed to bring about efficiency and economy, might drive business away from their lines. All the waste resulting from practices not running to huge cost would be paid for by the public in the form of increased rates.

"Whatever inconveniences may have resulted to civilian travelers," he asserted, "have been entirely due to war conditions, and are in no way related to the fact that the railroads were under government control."

The director general went at length into the necessity of pooling terminal facilities in scores of cities, referring particularly to Cincinnati, New York and Chicago. This program cannot be carried out, however, he said, except under unified control.

He emphasized that waterways should be used more extensively in coordination with railroads, but expressed doubt whether this could be done if the railroads went back to competitive private management.

## DEMONSTRATIONS CONTINUE

Lima, Peru Jan. 3.—Demonstrations against Peruvians continue in Chile, according to unofficial reports received here and steamships are arriving at Melchior and Callao with many Peruvian refugees from Chile.

## A BIT CHILLY, YES!

Detroit, Jan. 3.—The East-bound cold wave struck lower Michigan with a day and sent temperatures below the zero mark at several points. The coldest point in the lower peninsula reported to the local weather bureau was Grayling with a mark of eight below.

# GRANVILLE MAN'S KIN MEETS KING

Nephew of Dr. L. E. Davis Sees English Soldiers Decorated at Buckingham Palace and Is Presented to King.

(Special to the Advocate.)  
Granville, Jan. 3.—Among the interesting extensions which are related in soldiers' letters to home friends, a different note is sounded by Lieutenant Burton Raines of Rainelle, Virginia, a nephew of Dr. L. E. Davis, which was written to his parents, Mr. and Mrs. John Raines, on October 25th. Lieutenant Raines, who his parents resided for a time in Granville where he has many friends. He enlisted in September, 1917, entered of officers' training at Fort Benjamin Harrison, transferred to the aviation service, was sent to France for training, served as ferry pilot across the English channel, and received his commission as first lieutenant in active service. He has spent much of his leave in London, his latest visit being described in a letter to his mother. He said:  
"Lord Northcliffe honored the men staying at the Washington Inn by an address in which he set down the peace terms that England would accept, it being the first terms given out over here by any public man, and you know it is said that Germany fears Northcliffe more than the whole British government. Afterward a few of us—all American officers—had our pictures taken (moving) with Lord Northcliffe, Admiral Stius and a general. One day after lunch I was playing pool at the Inn when a lady came in and began talking right and left to a whole bunch of us. Before she left she invited two of us to tea that afternoon. On inquiry she proved to be Mrs. Waldorf Astor. We went to the mansion—for that's what it was—and never did I have such a good time.  
"She asked us down to her country place but we were leaving next day. She is almost the cleverest woman I ever met and a typical Virginian. While there we met Lord Richard Cavendish and we have a standing invitation for all the time we spend in London.  
"Now then, don't faint! Your son has been presented to King George! Here's how. There was an investiture at Buckingham palace and I was one of the six American officers fortunate enough to be permitted a seat. Right in front it was, too, in the grand ball room.  
"The king, who is a very small but handsome man, was in uniform. The men to be decorated would come up, bow, advance to certain number of steps; the king would pin on the decoration, the order being read by some lordship, chancellor, or other high personage. Then the king would congratulate them and shake hands; they would back up a few paces, bow very low and wheel off. And—oh! I mustn't forget! One man was knighted. He knelt, the king tapped him on the shoulder with a sword and a 'I dub thee knight, and henceforth that man will be a sir.'  
"After it was over the king went to a side hall and we Americans were asked to come forward, and were presented in order of rank. My knees were shaking but I went through the rigors of the ceremony and somehow or other I missed stepping on his feet. He shook hands, said he was glad to meet me. (I can just bet he was tickled to death!) Asked something about the air service, to which I replied to the best of my ability. I felt relieved when it was over, and I got my coat from the porter, patted my breast and said 'I feel like a champion' those comic opera birds there are called. But I'm glad I got the opportunity for it will be something to remember.  
"The night we had dinner at the 'Cheesecake' and I got on very well. Every one seems immensely pleased at President Wilson's handling of the situation, though I believe the English are just a little bit peeved at the fact that Germany goes to Wilson to talk. I certainly hope it will soon be over.  
"It is a very quaint and interesting place and how much better this way of seeing Europe is than touring it. This job I have can't be beat for opportunities of seeing the world. But I wish I could get at least a little time over the front.  
"The large music room at 'Monomoy Place' Broadway, was filled to capacity Thursday afternoon by members and guests of the Women's Music club, who enjoyed a delightful presentation of Humperduck's fairy opera 'Hansel and Gretel' by a competent cast of the club artists, under direction of the leader Mrs. C. B. White. This accomplished program-maker related the story and, omitting most of the forest scenes, gave the score entire. Mrs. Theodore Johnson sang the heavy part of 'The Witch' which she interpreted in a splendid voice, and with great dramatic skill, sang also, with brief preparation, the role of 'Gretel.' Miss Lois Lockhart, contralto was a most convincing 'The Witch' and the duet 'Hocus Pocus' etc. were charmingly rendered by Mrs. Johnson and Miss Lockhart. Mrs. White presided at the piano assisted by Miss Larkin and the piano accompaniment was wonderfully brought out. Mrs. Robert Brennan was an appealing 'Mother.' K. H. Eschman, baritone, a most determined 'Father,' having consented to sing this dramatic role at only a day's notice. The Immortal Hamlet gave a delightful interpretation of the 'Sand Man's' song, and members of 'Chorus' were: Mrs. Bohrer, Mrs. Hamblen, Mrs. Ashton, Mrs. Betweller, Mrs. Thompson, Mr. Eschman.  
"The performers were overwhelmed with enthusiasm and it was hoped that the opera might be staged by the same talent when every one might be privileged to hear it.  
"Among the dozens of honored guests those from out of town noted, were: Mrs. James R. Hetherington, Newark; Mrs. McCallan, Philadelphia; Miss Ruth McKibben, Cleveland; Miss Mal of Herrick Lafayette Ind.; Miss Mary Thorne Asheville, N. C. Gentlemen present were: Freds. Eschman, Biefeld and Stokely, Frank Robinson and several of the University gentlemen, who are studying at Denison University.  
"Mr. and Mrs. George Richards entertained with a New Year's dinner at their home on North street. Covers

But I'm glad I got the opportunity for it will be something to remember.  
The night we had dinner at the 'Cheesecake' and I got on very well. Every one seems immensely pleased at President Wilson's handling of the situation, though I believe the English are just a little bit peeved at the fact that Germany goes to Wilson to talk. I certainly hope it will soon be over.  
It is a very quaint and interesting place and how much better this way of seeing Europe is than touring it. This job I have can't be beat for opportunities of seeing the world. But I wish I could get at least a little time over the front.  
The large music room at 'Monomoy Place' Broadway, was filled to capacity Thursday afternoon by members and guests of the Women's Music club, who enjoyed a delightful presentation of Humperduck's fairy opera 'Hansel and Gretel' by a competent cast of the club artists, under direction of the leader Mrs. C. B. White. This accomplished program-maker related the story and, omitting most of the forest scenes, gave the score entire. Mrs. Theodore Johnson sang the heavy part of 'The Witch' which she interpreted in a splendid voice, and with great dramatic skill, sang also, with brief preparation, the role of 'Gretel.' Miss Lois Lockhart, contralto was a most convincing 'The Witch' and the duet 'Hocus Pocus' etc. were charmingly rendered by Mrs. Johnson and Miss Lockhart. Mrs. White presided at the piano assisted by Miss Larkin and the piano accompaniment was wonderfully brought out. Mrs. Robert Brennan was an appealing 'Mother.' K. H. Eschman, baritone, a most determined 'Father,' having consented to sing this dramatic role at only a day's notice. The Immortal Hamlet gave a delightful interpretation of the 'Sand Man's' song, and members of 'Chorus' were: Mrs. Bohrer, Mrs. Hamblen, Mrs. Ashton, Mrs. Betweller, Mrs. Thompson, Mr. Eschman.  
The performers were overwhelmed with enthusiasm and it was hoped that the opera might be staged by the same talent when every one might be privileged to hear it.  
Among the dozens of honored guests those from out of town noted, were: Mrs. James R. Hetherington, Newark; Mrs. McCallan, Philadelphia; Miss Ruth McKibben, Cleveland; Miss Mal of Herrick Lafayette Ind.; Miss Mary Thorne Asheville, N. C. Gentlemen present were: Freds. Eschman, Biefeld and Stokely, Frank Robinson and several of the University gentlemen, who are studying at Denison University.  
Mr. and Mrs. George Richards entertained with a New Year's dinner at their home on North street. Covers

# MASKED MARVEL TO MEET BOWSER

Mort Henderson, Heavyweight Wrestler to Oppose Newark Mat Star Here Jan. 16.

Mort Henderson, the original 'masked marvel,' a heavyweight wrestler with a reputation through the east, will be pitted against the local mat star, Bowser, on Friday, January 18. Bowser announced Friday. According to the terms of the match, Bowser said, Henderson is to throw the local man twice in two hours and 30 minutes.  
A good string of preliminaries will be arranged for the event.

Frank Braid returned to camp at Norfolk, W. Va., after spending a few days with his parents, Mr. and Mrs. A. M. Braid.

**Wisdom of Solomon.**  
In the proverb of Solomon there is this bit of wisdom: "Though thou shouldst buy a fool in a mortar among wheat with a pestle, yet will not his foolishness depart from him." More than two thousand years of world experience sustains the accuracy of the Biblical proverb. Trying the fool in a mortar may not cure him, but it is sometimes the only way of ridding the community of pernicious fools intent upon spreading the contagion of their own folly.

**Relic of a Lost Race.**  
At Casa Grande, near Florence, Italy, is the ruin, with walls still standing, of what probably was the last communal house erected on the southern plains by a race of people builders that probably had departed elsewhere or had been merged with other tribes even before the passing to the westward of the Aztec southbound pilgrimage about the year 1290.

# MERCURY DROPS TO NEAR ZERO

Wintry Blasts Nip Ears and Chill Bones While Light Snow Covers Ground.

It nipped the ears a bit! Did that cold wave which really struck the city for the first time this winter.  
With a light fall of snow during the night, the mercury got skittish and started down the thermometer. The slide continued during the morning hours making a downward gain of six degrees from 5 o'clock this morning to 11 o'clock.  
At 8 o'clock the mercury stood at 18 degrees above zero, and by noon it had gone down to 12. It is the first touch of real winter this season. The month of December, 1918, is said to have been the mildest in the past 23 years.

# HEIRS TO ESTATE IN WEST LOCATED HERE

Auditor Fred S. Wilson has succeeded in locating the heirs to the estate of William Teeter Smith, late of Los Angeles, Cal. He received a letter several days ago from Attorney Chas. S. Connor, stating that Smith came from Licking county, O., and that he died without issue, leaving a large estate. He was a brother of a man named Smith, who located in Granville with his son, Bolivar, and operated a planing mill. The Granville Smith was the father of Smith Pratt of the old Pratt-Kirk works in this city, since deceased, his widow remarrying and living at present in this city. There was a child or two who with the family of Bolivar and a brother or sister, of near Pataskala will share in the estate.

# INJURIES TO WOMAN WEEK AGO CAUSE DEATH

The funeral of Mrs. Sarah Green, 75, who died Tuesday at her home in Pataskala, of injuries suffered in an automobile accident Christmas day, was held Thursday.  
Mrs. Green, widow of the late George Green, accompanied by her two daughters, Mrs. Charles Lenington of Pataskala, and Mrs. Ralph Wilson of Reynoldsburg, left their home Christmas day to go to Reynoldsburg for dinner. Enroute the car stopped to avoid colliding with a large car from Columbus. The Columbus car in passing skidded and collided with the Green car, crushing the floor of the machine and pinning Mrs. Green, who suffered internal injuries. Death resulted Tuesday. Mrs. Lenington was cut about the face and head.  
Mr. and Mrs. John Platto of Maholm street were called to Pataskala to attend the funeral of Mrs. Green, who is survived by five daughters, Mrs. Charles Lenington of Pataskala, Mrs. Ralph Wilson of Reynoldsburg, Mrs. Jennie Langel, Mrs. Amanda Hanna and Mrs. Charles Watkins of Pataskala, a son, William Green, and two brothers, Joseph Taylor of Newark and another brother who lives in Oklahoma.

# NEWARK PASTOR IS ON IMPORTANT COMMITTEE

Rev. George Bohon Schmitt, pastor of St. Paul's Lutheran church has been appointed a member of the committee on practical cooperation and arbitration of the American Lutheran churches of America, regarded as the most important committee of the new federation of Lutheran churches. The chairman of the committee is Dr. H. C. Yarger of Chicago. Rev. Mr. Schmitt expects a call to attend a meeting of the committee soon. The federation represents a membership of two and a half million Lutherans in this country.

**Prussian Military System.**  
During the Franco-German war, 1870-71, the armies of the various German states, though they were not Prussian, while in the field were commanded by the Prussian king and his general staff. After that war there was no difficulty in making Prussian control permanent. One after another the various states resigned direction of their armies to the king of Prussia, and for all practical purposes the German army became one. Almost immediately after the close of the Franco-German war a movement was begun to extend the imperial army, and the Prussian military system was introduced throughout the empire.

**Reason for Term "Royal."**  
Naturally there is a good reason for calling golf a royal game, inasmuch as it was the favorite sport of the kings and queens of Scotland and England, as well as the dukes and earls in ancient times. King Charles, King James I. II. VI. Queen Mary of Scots and others were pre-eminent among the lovers of the recreation.

**Little-Used Term.**  
The word Saracens was applied in the middle ages to Turks, Arabs, Moors and other Mohammedans in western Asia and northern Africa. The same kind of people live now, but the word is seldom used except in romance, poetry and history.

**Only Things That Prevail.**  
What a fallacy to define riches as anything sensual! For all that is of the flesh, fleshly and of the earth earthly must one day perish like weeds that are slain by the reaper in the hot sun. Only love and truth and beauty and their divine fellowships are immortal, and only these are worth the husbandry of the undying soul.—Exchange.

# 20 HUN DIVISIONS NOW ON WEST FRONT

Basle, Jan. 3.—(Havas)—The German armistice commissioners, according to a Berlin dispatch have transmitted to the allied commissioners a note saying that on the western front, except for the peace time garrisons, there now are twenty divisions of which the older classes have been discharged. It is asserted that the dissolution of the German command is proceeding.

**ZERO WEATHER TONIGHT.**  
(Associated Press Telegram)  
Columbus, Jan. 3.—The first cold wave of the winter reached Ohio last night and this morning, sending the temperature down to about zero in the extreme northwestern part of the state. Zero weather will be experienced generally over Ohio tonight, when the crest of the cold wave reached the state, the weather bureau advises.  
The coldest official temperature in Ohio today was recorded at Toledo where the mercury went to six above zero. At Columbus and Cincinnati it was nine above. Zero was recorded at Fort Wayne, Ind., and two above at Indianapolis. Snow was reported at Cincinnati, Indianapolis, Cleveland, Pittsburgh and Parkersburg, W. Va.

## POPE HOPES FOR PEACE OF PERMANENT NATURE

Rome, Tuesday, Dec. 31.—In a New Year's message to America, given to day to the Associated Press, Pope Benedict expressed the hope that the peace conference might result in a new world order with a league of nations, the abolition of conscription and the establishment of tribunals to adjust international disputes. The message reads: "On the eve of the New Year in which humanity is at last to enjoy the blessings of peace we are glad to send cordial greetings to the American people as the champions of those same principles which have been proclaimed by both President Wilson and the Holy See, insuring for the world justice, peace and Christian love."

"In this solemn moment, when a new era in the history of the world is about to begin, we pray that the Almighty may shed His light upon the delegates who are meeting in Paris to settle the fate of mankind and especially upon President Wilson, as the head of the noble nation which has written such glorious pages in the annals of human progress."

"May the conference be of such a nature as to remove any resentment, abolish forever wars among brothers, establish harmony and concord and promote useful labor. Out of the peace conference may there be born the league of nations which by abolishing conscription, will reduce armaments which, by establishing international tribunals will eliminate or settle disputes, which placing peace upon a foundation of solid rock will guarantee to every one independence and equality of rights."

## MICHIGAN 16TH TO RATIFY AMENDMENT

Lansing, Mich., Jan. 3.—The Michigan legislature yesterday ratified the amendment to the United States constitution providing for a dry nation. Both houses adopted the resolution without debate and the only opposition came in the house, where three votes were cast against the proposal.

Michigan is the sixteenth state to ratify the proposed prohibition amendment to the federal constitution. Twenty more states must take like action to adopt the amendment as proposed by Congress. The first four states to ratify were Southern commonwealths, and nearly half of the 16 adopting states are south of the Ohio river. Only five states west of the Mississippi river have taken action, while Michigan makes the fourth state north of the Ohio and east of the Mississippi to ratify. Those states which have ratified since Virginia first ratified on January 13, 1918, are Kentucky, Mississippi, South Carolina, North Carolina, Maryland, Montana, Arizona, Delaware, Texas, South Dakota, Massachusetts, Georgia, Louisiana, Florida and Michigan.

## COX IS BLAMED FOR FULTON-SMITH CONTEST

Columbus, Jan. 3.—E. M. Fullington, Republican state chairman in a statement issued yesterday attempts to place upon Governor Cox responsibility of "defeating the will of the people" in case Secretary of State Fulton Democrit refuses to relinquish his office to Harvey C. Smith, Republican. The latter received majority of 40,000 at the November election.

It is planned to appeal to the courts to determine whether Smith's election was valid, since he did not resign the probate judgeship of Muskingum county before election.

"Governor Cox is the head of the Democratic party in Ohio," says Fullington. "One word from him and the attempt to set aside the majority of electors of Ohio ceases. The responsibility is his."

It is as great a wrong to defeat an election result on a legal technicality as to stuff the ballot box, Fullington declares.

It is expected that Smith will have to file suit to compel the governor to issue his commission for the office of secretary of state. This will not be until inauguration day, Jan. 13. Fulton then will continue to serve until a successor qualifies.

Another feature of the controversy is that Smith will have to resign his judgeship before he is eligible for the commission. The governor will be in position to accept the resignation and appoint a Democratic successor before the court determines Smith's eligibility to the other office.

## LOOK AT CHILD'S TONGUE IF SICK, CROSS, FEVERISH

Hurry, Mother! Remove poisons from little stomach, liver, bowels.

Give "California Syrup of Figs" at once if bilious or constipated.

Look at the tongue, mother! If coated, it is a sure sign that your little one's stomach, liver and bowels need a gentle, thorough cleansing at once. When peevish, cross, listless, pale, doesn't sleep, doesn't eat or act naturally, or is feverish, stomach sour, breath bad; has stomach-ache, sore throat, diarrhoea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently moves out of the little bowels without gripping, and you have a well, playful child again. You needn't coax sick children to take this harmless "fruit laxative." They love its delicious taste, and it always makes them feel splendid. Ask your druggist for a bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grownups plainly on the bottle. Beware of counterfeiters! Here, to be sure you get the genuine ask to see that it is made by the "California Fig Syrup Company." Refuse any other kind with contempt.

**Every Woman Needs IRON at Times**

If women would only take Nuxated Iron when they feel weak, run-down, tired out when they are pale, nervous and haggard—there are thousands who might readily build up their red corpuscles, become rosy-cheeked, strong and healthy and be much more attractive in every way. When the iron goes from the blood of women, the healthy glow of youth leaves their skin and their charm and vivacity depart. A few weeks course of Nuxated Iron works wonders in many cases. Satisfaction guaranteed or money refunded. At all good druggists.

She never let a cough or cold or case of grippe go until it grew dangerous. She just nipped it when she began to snifle or cough before it developed seriously. Men, women, and children of every age have used this preparation for fifty years as a prompt reliever. All ages are using it today because of its positive results.

Generous size bottles. 60c and \$1.20.

**Constipation Corrected**

Dr. King's New Life Pills tonight mean clear bowels, a clear head, clear thinking, a day well begun in the morning, good digestion, clearing skin. Mild in action but sure and comfortable. At drug stores everywhere. 25c.

HENRY WALTHALL and ROSEMARY THEBY in D.W. GRIFFITH'S 'The Great Love' An ARTCRAFT Picture

## AMUSEMENTS

**AUDITORIUM.**  
"The Great Love."  
Presenting what may be termed, perhaps, the most ambitious screen offering, David Wark Griffith displayed his splendid photoplay, "The Great Love," which deals specifically with the great awakening of the wealthy and exclusive classes of England to the tremendous needs of the war, with great success at the Auditorium theatre yesterday.

For the first time in the history of motion pictures, Mr. Griffith portrays, in this photoplay, the activities of the leisure classes of Great Britain, during the world war; their splendid and unselfish labor in caring for convalescent soldiers and their innumerable sacrifices. It shows not merely actors made up to represent these people, but the people themselves, the flower of England's finest womanhood engaged in the noble task of succoring the brave sons of Britain, France and the allies of all the loyal nations, in their time of great suffering and sacrifice.

In his tremendous difficult task, Mr. Griffith had the assistance and encouragement of such distinguished people as Sir Frederick Treves, head of the British Red Cross; Baroness Rothschild, owner of the railroad from Havre to Paris; Sir Henry Stanley, whose brother is the Earl of Derby and head of the War Council; and Queen Alexandra, who personally supervised the scenes taken in Lady Diana Manner's convalescent hospital at her country estate. The Queen appears in several scenes and it is the first time such notable personalities have taken part in motion pictures for the general public. This feature is seen today and tomorrow.

### "Naughty Naughty."

Pretty Edith Bennett flits from the sublime to the ridiculous—at least in the titles of her photoplays—as easily as you or I flit from home to office. Her latest Paramount picture showing at the Auditorium Sunday has been called "Naughty, Naughty" while the preceding offering was entitled, "The Keys of the Kingdom."

There is something in a name, too, in both cases, and "Naughty, Naughty" is quite as intriguing as the name indicates—although not the comic opera sort of thing one might expect. The story which was written for Miss Bennett by C. Gardner Sullivan, opens with the return of pretty Roberta Miller to her small-town home in the Middle West.

Now there is nothing particularly remarkable about that—the remarkable thing is the effect the trip had upon her heroine. She had left a quaint, ginghamed youngster and had returned a smartly dressed, very sophisticated young person with three thoroughbred buildups. Lillyville—for so the town was called—gaped and bit its lips and murmured that it had known all along "No York weren't no place for a young girl."

This feature topped with a comedy, "Oh, What A Day"; also the Pathe News.

### The Cavell Case.

Edith Cavell, who lived with her mother in the little town of Norfolk, England, was being courted by a young neighbor, George Brooks. They were both very much in love with each other, but when it came time for the proposal, Edith declined. She intended to devote her life to nursing and the care of the sick and miserable.

A few years later Edith Cavell became a recognized authority in the field of nursing. She was directress of three Belgium hospitals and instructor at the Belgium School for Certified Nurses.

After the fall of Louvain and Liege, the Huns are about to enter Brussels when word is brought to Nurse Cavell. She refuses to leave her post. At 2 o'clock in the morning of October 12, 1915, this martyr to humanity was marched to the prison yard and shot.

"The Cavell Case" will be seen at the Auditorium Monday next for three days. Added features are a two-reel comedy, "Oh, What A Day" and the Pathe News.

### "Parlor, Bedroom and Bath."

Playgoers who are familiar with the brisk and breezy brand of A. H. Woods' farces will be more than interested in the announcement that one of the most successful of his farce hits, "Parlor, Bedroom and Bath" will be presented at the Auditorium theatre soon.

### "I'm So Happy."

Music lovers would do well to plan for an evening of diversion on Thursday, January 3rd when Frederick V. Dowers, the famous composer and light comedian will come to the Auditorium theatre in his new musical play, "I'm So Happy." Mr. Dowers has this year the most pleasing musical show which has ever been arranged for him. It is filled with catchy musical number of the sort the person with a tuneful ear will not fail to carry away in his memory.

### ALHAMBRA.

Sunday.

"The Fallen Angel," with Jewel Corman as the star, is announced as the headline attraction at the Alhambra theatre Sunday. The play, an adaptation of one of Governor Morris's best known short stories, "You Can't Get Away With It," tells of the experience of a rich girl, who, when her fortune is gone, enters into an illicit domestic arrangement with her employer, to obtain the luxuries to which she had been accustomed. Several powerful situations are embodied in the drama, it is said, and there are also revelations of certain conditions which are reported to prevail in some big New York mercantile establishments.

### GEM.

Friday.

A thrilling story of the vindictive passion of a spoiled lover is shown in "The Velvet Hand," that latest Blue Bird photoplay, in which Fritz Brunette is the star, and which will be shown at the Gem theatre on Friday.

## DAILY HEALTH TALKS

What Doctor Pierce Has Done For Humanity!

BY DOCTOR CRIPPS.

It has always seemed to me that Dr. Pierce, of Buffalo, N. Y., should be placed near the top when a list of America's great benefactors is written. He studied and conquered human diseases to a degree that few realize. Whenever he found a remedy that overcame disease, he at once announced it in the newspapers and told where it could be bought at a small price. He did not follow the usual custom of keeping the ingredients secret, so that the rich only could afford to buy the medicine, but openly printed the name of each root and herb he used. And so to-day the names of Dr. Pierce and his medicines are widely known, and they stand for better health and better citizenship.

One of this great physician's most successful remedies is known as Doctor Pierce's Pleasant Pellets. These are little, sugar-coated pills, composed of Mayapple, leaves of aloe, root of jalap—things that Nature grows in the ground. These Pellets are safe because they move the bowels gently, leaving no bad after-effects, as so many pills do.

Very often they make a person who takes them feel like a new man or woman, for they cleanse the intestines of hard, decayed and poisonous matter that accumulates when one is constive. If you are constipated, by all means go to your druggist and get some of Dr. Pierce's Pleasant Pellets. They may prove to be the very thing your system requires to make you well and happy.

A TALK TO THINKING HOUSEKEEPERS

SWEET-NUT MARGARINE is as pure as snow. Let us tell you how it is made. The ripe coconuts, imported from the Philippine Islands and then, are crushed and refined into a cream white butter. It is impossible to think of anything sweeter, purer or richer. This cream of nuts, which does not contain a trace of water, is then churned with pasteurized milk. When it leaves the churn it is worked and salted in the same way as butter. Sweet-Nut Margarine does not contain a particle of animal fat, consequently it is entirely free from lard taste or oily flavor.

It can be used for all purposes where ordinarily you would use creamy butter—for the table, on bread or hot biscuits, and in every form of cooking, in pastry making, frying, etc., and for use on broiled meats.

Drop in tomorrow at our store and taste it and our demonstrator will be pleased to answer any question you may wish to ask about this wonderful new factor in reducing the high cost of living.

Relief In 24 Hours, Simple Home Medicine Did It.

Mr. H. C. Hoot, chief operator, F. C. R. L., Birmingham, Ala., writes: "I tried your Mentho-Laxene for a cough and I find it the premier medicine for that ailment. I had a cough for three months and made me a syrup of your Mentho-Laxene and I got permanent relief in twenty-four hours."

Mentho-Laxene is a richly concentrated mixture of wild cherry, Tolu, Grindelia, Mentha, ammonium chloride, Camphor, etc., sold by cool druggists in 2 1/2 ounce bottles. Mixed at home with simple syrup, it makes a pint. A wonderful medicine, wonderfully cheap, and guaranteed most effective for colds, coughs, catarrh, hoarseness, difficult breathing, etc.—Advt.

**LEWIS ROASTS G.O.P. SENATORS**

Declares Republicans Seek To Discredit President and Thwart Purpose of Visit Abroad.

(Associated Press Telegram)

Washington, Jan. 3.—Senator Lewis, Democrat of Illinois, speaking yesterday in the senate, charged Republican leaders with conspiring for political purposes to discredit President Wilson abroad to thwart his purposes by giving European negotiators the impression that the senate opposes his plans and by deceiving the American public. Their object, he declared, is "to prevent the president from accomplishing anything." The speech was in reply to recent utterances of Senator Lodge of Massachusetts, and Senator Knox of Pennsylvania, both Republicans, criticizing certain of the president's 14 principles of peace and urging that consideration of a league of nations, freedom of the seas, and other questions be deferred until after the peace conference.

"The assaults by certain leaders of the Republican side upon the president," said Senator Lewis, "disclose, I charge, a conspiracy to discredit him and to defeat any design he enters upon by giving the European negotiators to understand that the senate is opposed to the president; that it objects to his measures, and that it is speaking with the power to revise, reverse, and repudiate him."

"I inform the European negotiators and the world," he continued, "that there is no law of America, by constitution, statute or custom, by which the president is under any obligation to submit what he is now doing to the senate or to any other branch of the legislative or executive body."

"I inform the negotiators as I do all those interested, that the present undertakings of the president of the United States are as commander-in-chief of the armies. That he remains such until the full treaty or compact of peace has been finally accepted and peace declared and the armies withdrawn as a result of that acceptance."

"They (the senators) are only anxious to secure the abandonment of the demand for the present that it might be charged against Wilson that he failed in securing the only thing of material worth for which the nation fought and her children died. Then as a political cry to come forth proclaiming that the Republican senate to be constituted after the December session will undertake the remedying of this wrong, and make the presidential issue upon the charge of perfidy against our president and infamy against our party."

In closing, Senator Lewis said the country must see "the emptiness of these protests, the want of substance in their criticisms," and urged united support for the president while he is on foreign soil, "contesting for the supremacy of the United States."

**"Y" NEW YEAR'S PARTY IS ENJOYED BY MANY**

Despite the weather, the attendance at the Y. M. C. A. "open-house" festivities, New Year's day, was good. The schedule was carried out and gym classes had a full quota during the afternoon, but the evening work was not up to time on account of poor class attendance. Fine work was done by the younger classes. Charles Allen, Earl Straud, Carryl Pugh, Robert Dewey and Page Weston gave exhibitions of swimming, strokes and dives, all five of which the result of constant application to the art. The checker tournament was played with seven enthusiasts in at the start, the finals resulted in the following score: A. C. Harrod, 19; F. C. Pine, 18; Dr. H. P. Martin, 16; E. J. Garrison, 14; Dr. C. Brown, 13. Brown would have ranked among the first had he stayed throughout the afternoon. The basketball game in the evening was well-played and hard-fought, and ended in defeat for the "Y" team. They beat this same team a week ago on the high school floor. Altogether the day was a success, and with the constant ventilation which went on systematically, there was no discomfort arose from crowded rooms.

**GERMAN DELEGATES TO CONFERENCE NOT NAMED**

(Associated Press Telegram)

Paris, Jan. 3.—Germany has not yet submitted a list of her probable peace delegates, but at least in such list has been brought to the attention of the American delegation to the peace conference, which is much concerned and is giving great consideration to the influence of Dolzhevsk upon the central powers.

Although the American representatives have received many reports of conditions in the Baltic states and in the Ukraine, these reports are very conflicting and the delegates are not at all satisfied with the information at hand.

The policy of the American delegation, with regard to the Russian situation and its general complication with the unrest in the Balkans and in the former Russian districts, has not yet taken form. The American delegates apparently do not consider that France and England, either have outlined a definite policy toward Russia. In this connection it may be stated that Foreign Minister Pinchon's statement to the effect that France favored defensive intervention in Russia is not based upon the peace conference, but as a new declaration, as defensive interference already exists shows support of the anti-German governments in Russia. The extension of such support is regarded in official circles as no change in the policy of the resisting movement, designed to nullify the victory of the entente without interfering with Russian domestic policies where the results of the great war are not concerned.

**"Y" WIRE STUDENTS GET TELEGRAPH JOBS**

During last winter, the Y. M. C. A. conducted a school in telegraphy at the request of the army, which needed operators. Instruction was offered free to all. Only one availed himself of the offer, but a number of other people took up a correspondence course. They have been the beneficiaries of the course. Carl Hines, one of the students, has been employed in the Y. M. C. A. telegraph station, and is now working at the telegraph station of the Y. M. C. A. having been promoted to the position of chief operator.

**RED CROSS GETS BIG RUSH ORDER**

Headquarters Wants Large Number of Morning Jackets for Women—Knitting Is Discontinued.

Licking county chapter of the American Red Cross has received by telegraph a rush emergency order for a large number of women's morning jackets to be made and delivered in Cleveland by February 1. In order to complete this work, they are asking that all branches, auxiliaries, sewing circles, neighborhood clubs, or anyone who can sew, to kindly call at the rooms and get as many of these garments as they can complete by that time. As all evening dressmaking work and knitting has been discontinued, this order gives everyone interested in Red Cross work an opportunity to help out in this emergency.

The room formerly occupied by the surgical dressing department will be used for the making of refugee garments. This department will be open every afternoon at 1 o'clock, and there will be plenty of work for all those who sew. Sewing machines also are needed for the work on the new order just received and offers to donate machines may be made to Mrs. E. P. Kennedy, auto phone 1749.

Orders from the headquarters of the like division, American Red Cross, in which the new rush chapter to complete all knitted articles now being made and to be continuing sewing any more yarn for knitting purposes. The order stated that an inventory of the stocks on hand is being made, the supply of knitted goods is ample for all needs.

# OBITUARY

**Mrs. Nettie Bodine.**  
 Word has been received of the death of Mrs. Nettie B. Bodine, wife of William C. Bodine, at her home in Kenton, on Friday, December 27. The funeral services were held at Kenton, Sunday.

The deceased was born February 28, 1871, and was aged 47 years, 9 months, and 28 days. She was united in marriage to William Bodine, January 5, 1892, and has resided in Kenton for the past 26 years. Surviving are her husband, one son, Ensign Raymond Bodine of Hampton Roads, one sister, Laura M. Boyle of Granville and one brother, Frank M. Boyle of Bona.

Six weeks ago Mrs. Bodine was taken ill and underwent an operation, following which she seemingly improved. On Friday, December 27, she suddenly became seriously ill and died within an hour.

**Mrs. Hayes' Funeral.**  
 The funeral services of the late Mrs. Julia McCullough Hayes will take place from the chapel in Green Lawn cemetery at Columbus tomorrow morning at 10 o'clock, Columbus time, one hour slower than Newark. The cortege will leave the Harbottle residence in Granville street this city at 10 o'clock in automobiles. The arrangements are in charge of the Bradley undertaking establishment.

**John Anderson.**  
 John Anderson, colored, who was taken off a B. and O. passenger train in this city Tuesday morning and removed to the Sanitarium in Bradley's hospital, died at that institution at 8:30 o'clock last evening, as a result of tubercular trouble. He was employed as a trucker at Willard, and Chief Clerk Willis Sachs of the B. and O. is endeavoring to locate the man's relatives. The body will be held until they are heard from.

**Mrs. Jesse Childers.**  
 Mrs. Carrie Childers, wife of Jesse Childers, aged 25, 1 Buchtel avenue, died at 12 o'clock last night at the City hospital of spinal meningitis. She was born in Kentucky and is the daughter of J. M. Smith, who survives with the husband. The funeral arrangements have not been completed, but will probably be held under way from the home, Rev. Mr. Hicks of the A. M. E. church, officiating.

**Funeral of Cecil Roman.**  
 The funeral of Cecil Elbert Roman was held at 9:30 o'clock this morning at the Egan undertaking parlors, Rev. Father B. M. O'Boylan officiating. Interment in Mt. Calvary cemetery.

**Funeral of Florence Hottinger.**  
 The funeral of Florence Hottinger was held at the home, Fleek avenue, this afternoon at 2 o'clock, Rev. Mr. Wright of the East Main Street U. B. church officiating. Burial took place in Cedar Hill cemetery.

**Mrs. William Murrell.**  
 Laura Belle Moffitt, the daughter of Samuel and Margaret Moffitt, was born at Cambridge, Ohio, August 12, 1868. She was one of a large family born to this most estimable couple. She received her education in the public schools of her native town and grew to womanhood's estate in the same. At the age of 19 years she removed to Newark and this place had since been her home. Here she made friends for herself who remained true throughout life. She was possessed of qualities which endeared her to all whom she met.

On June 17th, 1888, she gave herself in the bonds of holy matrimony to William Murrell, to whom she proved herself a faithful and affectionate wife. The couple lived happily together and as the years multiplied themselves unto them the bond between them grew nearer and dearer. Denied children, by a gracious Providence their love centered in the motherless nephew who came to make his home with them after the untimely death of his mother. Upon him, both Mr. and Mrs. Murrell lavished all the love and affection of which they were capable. To them he was a son indeed. This love and affection was dutifully returned by strict obedience on the part of Murrell.

Easter, 1918, Mrs. Murrell united with St. Paul's Lutheran church. Though ill more or less for the past five or six years she nevertheless sought to be diligent to her new obligations. Some eight or nine weeks ago she became decidedly worse as to her physical condition and despite all that physicians and loved ones were able to do she fell asleep in Jesus, December 19th, 1918, at the age of 50 years, four months and 19 days.

During her last illness she constantly called for her nephew, Murrell Moffitt upon whom she had lavished a mother's love and affection. She was also a member of the local Chapter of the Daughters of America in whose councils she was always welcome and where she was highly esteemed.

She leaves to mourn her passing the sorrowful husband, William Murrell, nephew Merrill Moffitt, three brothers, James Moffitt, of Keyser, W. Va., Val Moffitt of Canton, O., and Frank Moffitt of Oakland, Cal., five sisters, Mrs. Eliza Bell of Cambridge, O., Mrs. Emma Ford of the same place, Mrs. Amanda Temple of Newark, Mrs. Myrtle Gilbert of Buffalo, N. Y., and Mrs. Jane Horton of Kinkersville, O. Besides a host of relatives and friends.

A noble and good woman, a devout Christian, her death is a heavy loss to her family and to the community. One whom even the pains of death was unable to deprive of faith in Jesus Christ for only a few days before her demise she confessed her faith in the riches of Grace in Christ Jesus in the Holy Communion. 1-4-19

**Mrs. Charles A. Gregg.**  
 Ida Idell Holmes was born at Fallsburg, O., December 22, 1888 and departed this life December 20, 1918, aged 35 years and eight days. She was united in marriage to Charles A. Gregg February 22, 1901. To this union were born five children, one preceding her in infancy. She leaves to mourn her husband and three daughters, Margaret, aged 14, Helen aged 12, Virginia aged 10, and one son, William, aged 8, her parents Mr. and Mrs. J. P. Holmes and three brothers, Otis of Fallsburg, Charles and Alvin of Newark, besides a host of relatives and friends. She was a member of the Wyoming Valley Grange and of the Central Church of Christ. She was of a bright and cheerful disposition, always ready to help others. She will be sadly missed in the home and by those who knew her. 1-3-19

**BOMB-PROOF CELLAR WAS HANDY AT SPA, WHERE EX-KAISER SIGNED HIS ABDICACION**  
 Castle occupied by former German kaiser at Spa, where he signed abdication papers, and entrance to bomb proof cellar on castle grounds.

When the ex-kaiser went to Spa, Belgium, to direct his armies and send thousands of men to death he saw to it that he was kept safe from harm. In the grounds of the castle he occupied there he had dug a bomb proof cellar with two entrances, one from the castle and one from the grounds outside. Delicate instruments warned him of the approach of airplanes and he fled at the first warning. It was in the castle shown above that he was made to realize finally that his day was done and that he must abdicate.

**CITY TO FILE APPEAL IN BOTTLE CO. SUIT**  
 In the case of The American Bottle Co. vs. The City of Newark, a bill of exceptions on behalf of the city has been filed with the clerk of court. A petition in error will be filed by the city, and the case will be heard by the court of appeals. The bill of exceptions is a very voluminous document and contains all the evidence, depositions, plats and exhibits used on the trial in the court of common pleas.

**ATTEND "OH BOY"**  
 The following party attended the production of "Oh Boy" at the Hartman theatre in Coharous New Year's day: Misses Mary McCabe, Lillian Lanning, Messrs. Ellsworth Guello, F. A. Zach, and Mr. and Mrs. Shields.

**IMPROMPTU CONCERT.**  
 Wallace Ruttle, well known baritone singer of Granville delightfully entertained those at the City Hospital, where he has been a patient, with an impromptu concert. The event was given before he left to return to Granville.
